Truck was also	monoplanes uck, so seen. 25X 25X ably belonged eben airfield.
2. 1A 1. 1X	gum in each of their wings landed at the field. Some time later, these were no longer seen at the installation. At 1:35 p.m. on 6 August, for engine aircraft landed at the field and were parked in the reverments flight control station. At 12:05 p.m. on 8 August, a single-engine air a Yak-Il, landed at the field. No MiG-15s were seen at the installation and 8 August. On 2 August, source observed 6 jet fighters, 7 single-engine low-wing and 2 biplanes at the field. was identified on a radio to equipped with a mobile Rus-2 radio station. Truck Comment. For photographs, see Annex. Comment. For photographs, see Annex. Comment. Prior to 2 August, alert flights of MiG-15s which probe to the fighter division in Merseburg were stationed at Erfurt-Binders! The aircraft which were observed on 4 August, with mounted machine gum wings were probably Il-10s. It is believed that these conventional type aircraft were stationed at the field only temporarily, possibly in contact the second contact of the field only temporarily, possibly in contact the field only temporarily, possibly in contact the field only temporarily, possibly in contact the field only temporarily.	monoplanes uck, so seen. 25X 25X ably belonged eben airfield.
